### **Special Business**

#### **Item 5 – Issue of securities to Mr James Spenceley**

##### **(a) Introduction**

In accordance with the ASX Listing Rules and the Corporations Act, Shareholders of the Company are asked to approve the grant of 166,666 options (**JS Options**) to Mr James Spenceley, a Director of the Company, under the Company's ESOP.

The Directors consider that the grant of the JS Options under the ESOP constitutes the giving of a financial benefit to a related party of the Company under Part 2E.1 of the Corporations Act, which requires the approval of the Shareholders. The ASX Listing Rules also require the Company to obtain the approval of Shareholders to the issue of options to a Director under the ESOP.

The issuing of share options is an established practice in Australia as part of the remuneration of senior executives. If no options were issued, the cash remuneration of Mr Spenceley may have to be increased. Issuing options is considered a preferable alternative as the recipient benefits if the Company's share price increases – in which case all Shareholders also benefit. This part of Mr Spenceley's remuneration is therefore related to the longer-term performance of the Company.

**(b) Information required under ASX Listing Rules and the Corporations Act**

In accordance with ASX Listing Rule 10.15 and the Corporations Act, the following information is provided in relation to the issue of JS Options to Mr Spenceley:

Names of the allottees or the basis upon which allottees will be identified or selected:	Mr James Spenceley, Director, or his associates.
Mr James Spenceley's total remuneration package:	Mr Spenceley's remuneration package including superannuation and share based payments for FY11 comprised a total of \$319,313.  The total remuneration package including the financial benefit associated with the securities (\$31,667) for FY12 will be \$332,901.
Maximum number of securities to be issued or the formula for calculating the number of securities to be issued:	166,666 options to subscribe for Shares in the Company.  This number was determined based on an analysis of Mr Spenceley's total remuneration package (including the number of options which vested in the previous year and the number of options he currently holds), and having regard to Mr Spenceley's contribution to the Company.
The date by which the entity will issue the securities:	The JS Options will be issued no later than 12 months after the date of this meeting (or such longer period of time as the ASX may in its discretion allow).
Price at which the securities will be issued:	\$0.00 per JS Option.
Exercise price:	\$2.50 per JS Option.
Terms of the securities:	Each JS Option will entitle Mr Spenceley to subscribe for 1 ordinary Share in the Company.  The JS Options vest on condition that the Company's share price exceeds \$2.50 on each trading day during the month of August 2012.  Unless otherwise exercised, the options lapse on the date 7 years after the date of grant.
Terms of any loan in relation to the acquisition of JS Options:	The Company will not provide any loans in respect of the acquisition of JS Options
Use (or intended use) of the funds raised:	The funds raised on exercise of the JS Options will be used for working capital.
Mr Spenceley's existing interest in the Company:	Mr Spenceley or his related parties at the date of this notice holds 7,950,000 ordinary shares and 166,667 options under the Company's ESOP, which together (if the options are exercised) represents approximately 13.32% of the total issued Shares in the Company.

Directors' interest in the outcome of this resolution	Other than Mr Spenceley, no other director has an interest in the outcome of this resolution.

**Board recommendation** - the Directors (other than Mr James Spenceley) recommend that Shareholders vote in favour of Resolution 5. The reason the Directors (other than Mr Spenceley) make this recommendation is that they consider the JS Options will constitute an effective incentive to Mr Spenceley to improve the performance of the Company and increase the value of Shareholders' investment in the Company. In accordance with the ASX Listing Rules and the Corporations Act, Shareholders of the Company are asked to approve the grant of 166,666 options (**MD Options**) to Mr Mark de Kock, a Director of the Company, under the Company's ESOP.
